

TBI Solutions Receives Highest Level of Accreditation

TBI Solutions was recently awarded accreditation for three years by CARF, the Commission on Accreditation of Rehabilitative Facilities.

In its survey, CARF awarded TBI Solutions the highest level of accreditation for:

- Day Treatment: Integrated: AOD / MH (Adults)*
- Day Treatment: Integrated: AOD / MH (Children & Adolescents)*
- Outpatient Treatment: Integrated: AOD MH (Adults)*
- Outpatient Treatment: Integrated: AOD / MH (Children & Adolescents)*

This signifies that all of the services listed above fully conformed to every internationally recognized CARF standard of quality in the provision of outcomes-driven programs and services to enhance the lives of the persons served.

Only 3% of the 4,000 CARF accredited service providers achieve this superior level of performance.

This accreditation process affirmed TBI Solution's continuing mission for excellence. The two-day review of the agency's operations included interviewing staff, board members, consumers and their families and other stakeholders. The rigorous consultative process examined the agency's business practices, all programming, policies and procedures, forms, charts, etc.
